Other

- 1.
- 2.
- 3.

Additional requisite information concerning search:

1. Ideally I'm looking for an employer that'll pay. Often, in my experience folks who don't know how to specify the skill set required only want to pay if the product sells, and if you can catch up to them.
2. Of course, then there are those employers, large corporations often fall into this category, that'll list every technology in their arsenal on every job posting. Go figure.
